

SECRET - SECURITY INFORMATION

50X1-HUM

German Democratic Republic

PLANNED PRODUCTION AND REQUIREMENTS OF HETTSTEDT COPPER AND BRASS WORKS

it is  
assumed that the production of wire during this period will approximate that of 1952.  
The SAG "Marten" is therefore requested to use the 1952 requirements for diamond  
drawing dies and bort as a guide for those of 1953-1955.
